

# LEAP OF LOVE: HEALTHY RELATIONSHIP ALERT

## EVENT DESCRIPTION:

February is Teen Dating Violence Awareness Month (TDVAM). Teens and young adults are the most at-risk age groups for dating and domestic violence.

South Carolina is facing a silent epidemic, where one in three students report experiencing some form of abuse, and more than two-thirds never report that abuse at all. Dating abuse isn't just a big issue— It's a growing epidemic!

Join us to learn about Teen Dating Abuse Warning Signs, Risk Factors for Domestic Violence, Myths about Dating Violence, Relationship Red Flags, Characteristics of Unsafe People, Stalking Signs, and, most importantly, what a healthy relationship looks like!
